

## Which plan is right for you?

Stack Overflow for Teams helps technical teams of any size collaborate, share knowledge, and solve problems. We provide a wide range of plans to meet the needs of teams based on their size.

### Basic

Centralized knowledge for small and growing teams

*Retain knowledge, minimize siloed information and onboard faster*

**\$5** Per person, per month when billed annually

*\$6 per person, per month when billed monthly*

- ✓ 30 day free trial
- ✓ Unlimited private knowledge base for faster answers
- ✓ Unlimited question and answer collaborators
- ✓ Integrations with chat tools including Slack and Microsoft Teams
- ✓ Fully searchable archive of internal information

### Business

For small and medium-sized businesses seeking advanced administrative tools

*Streamline knowledge sharing, onboard faster and improve productivity*

**\$12** Per person, per month when billed annually

- ✓ All the features of Basic
- ✓ Quick and secure access via SAML-based single sign-on, SCIM 2.0 supported
- ✓ Invoicing available
- ✓ Measure success and adoption with usage analytics
- ✓ Integrations with chat and developer workflow tools including Jira and GitHub
- ✓ Customizable customer success packages

### Enterprise

For medium to large businesses with additional security, configurability, and content management needs

*Greater collaboration and knowledge sharing org wide and in sub-teams*

### Custom Pricing
